

# Call of Poseidon

*Simone Proto*

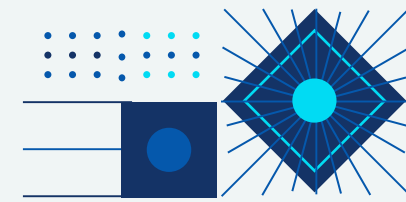

**Erasmus 2021**

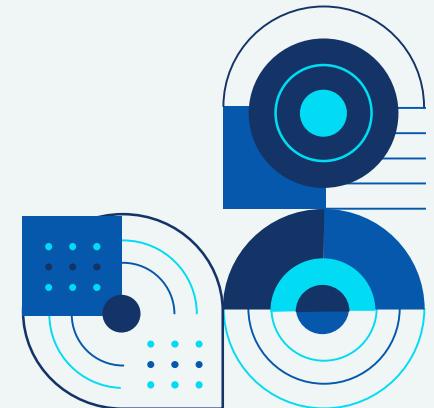

# June, 2021

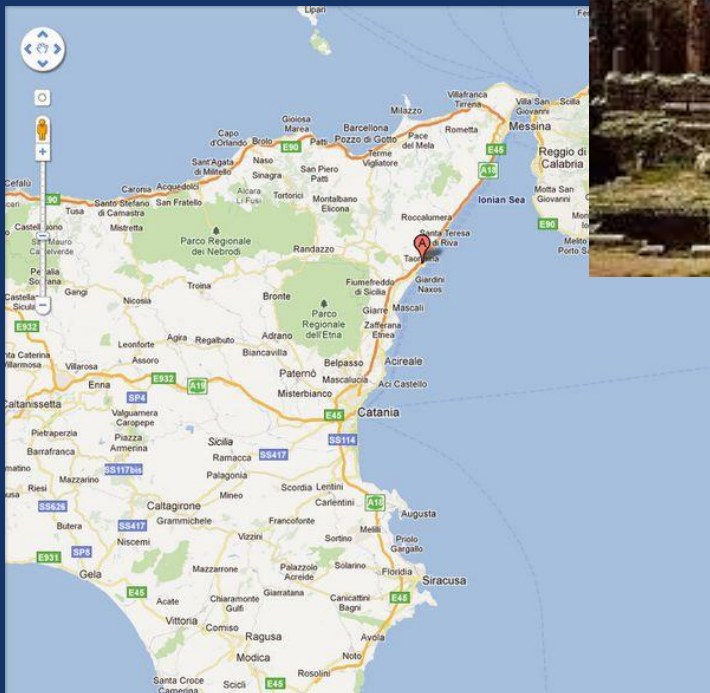

# We talked about:

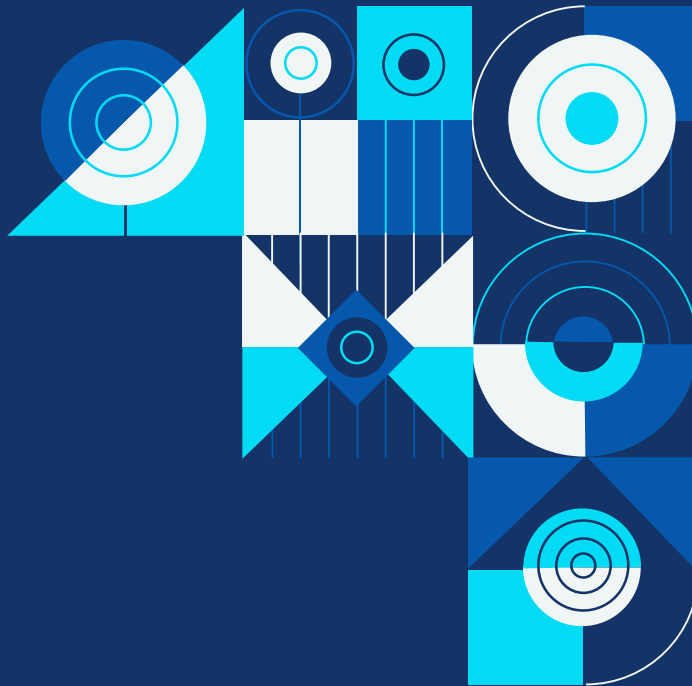

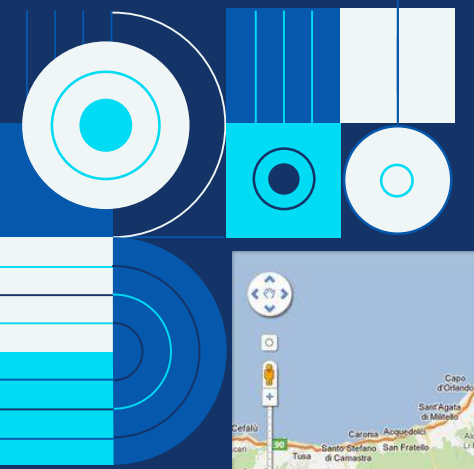

- *Water importance in our life and environment*
- *What we can do to preserve it*

# Naxos

# Santa Venera

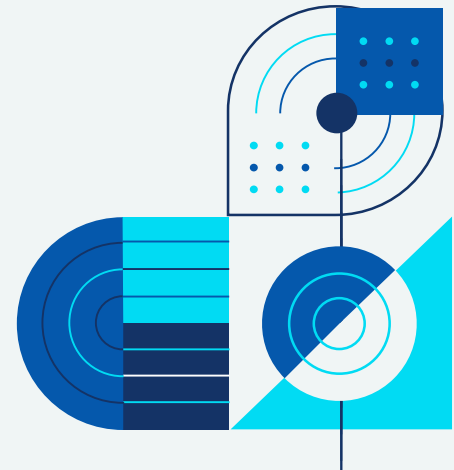

# How we could save our rivers from pollution

**We have decided to do some things in favour of them**

-using less plastic

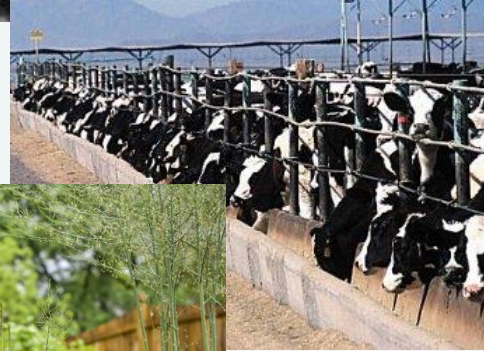

-recycling plastic

-recycling industrial oil

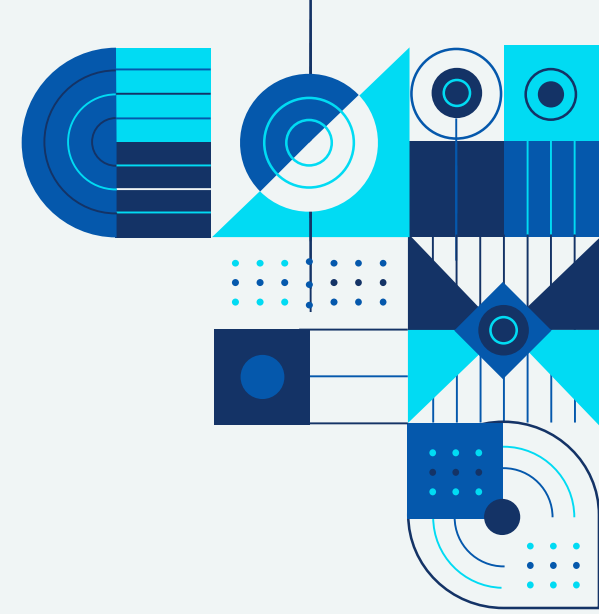

-eating less industrial meat

-reducing pesticides

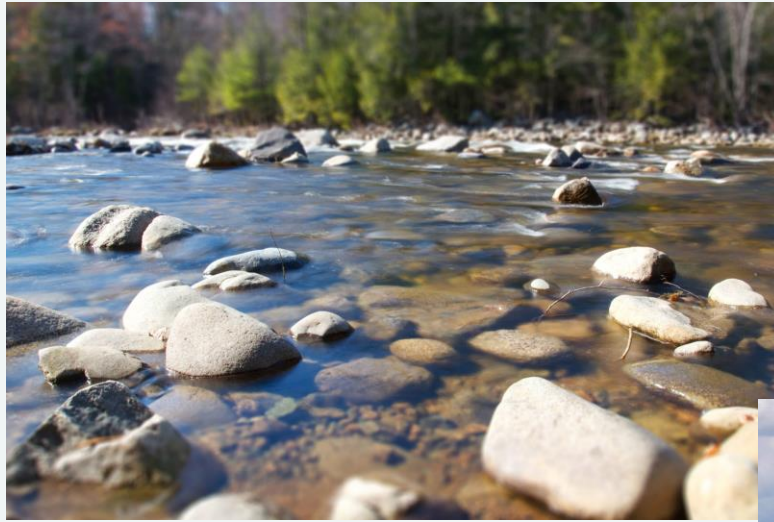

-doing waste recycling

# Clean water and green environment

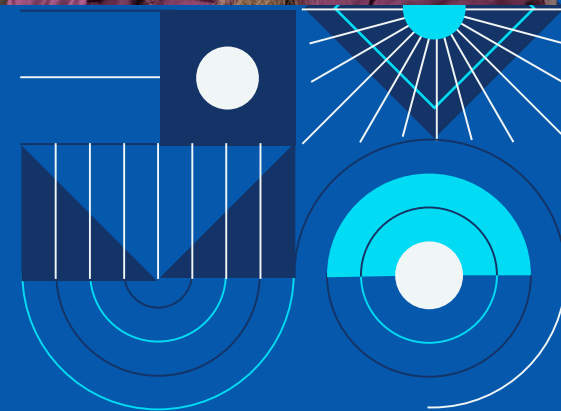

# Greta Thun

“Our cleaner planet”

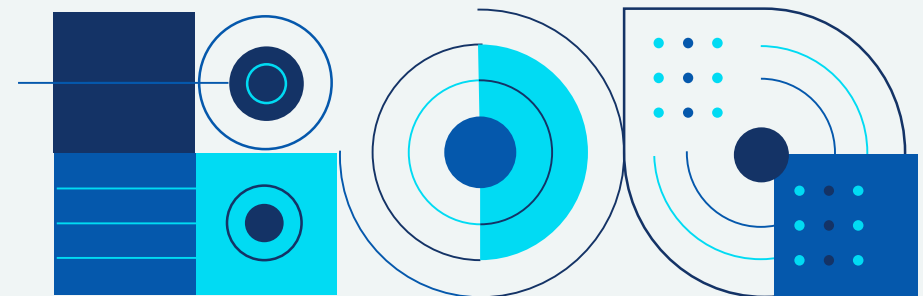

“Our better climate”

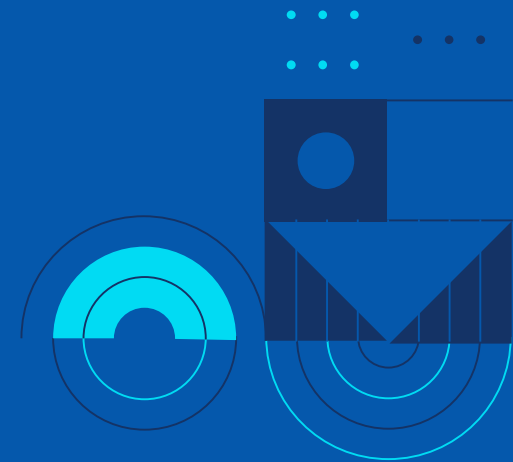

# Youth 4 climate: driving ambition

# Milan, October 2021

# We appreciate them to save our planet health

**Thanks !  
I wish you a great day**
