British Junior Eskilstuna, Sweden

British Junior is a school situated in Eskilstuna, Sweden close to beautiful woodland. Divided into two buildings on one location, Primary school for ages 4 to 12 and Secondary for ages 13 – 16, with approximately 900 students in total. At British Junior they pride themselves on maintaining Swedish school culture, blended with traditional British school values, ensuring our students remain motivated and engaged throughout their school lives.

*British Junior vinnare av
Europeisk kvalitetsutmärkelse
för språkundervisning 2020.*

Europeiska utmärkelsen för språk
2020

Institute E. De Amicis Tremestieri Etneo, Italy

Institute E. De A...

Ours is a Comprehensive Institute which brings together kindergarten, primary and middle schools. It takes care of the educational needs for children beginning from the age of three and guides them until the end of the first cycle of secondary education on a single structure path.

IES Los Montecillos, Coin, Spain

IES Los Montecillos

Los Montecillos secondary school is situated in Coín, in the south of Spain in the province of Málaga, close to the touristic area of the Costa del Sol. The school is large -1000 students- and complex, with a wide offer of educational paths: Secondary, Baccalaureate and ICT professional training. They provide their students with extra services: school bus, lunch, canteen or reinforcement lessons in the afternoon.

Meterize Elementary School, Šibenik, Croatia

PPT Šibenik.pptx

OS Meterize

Meterize Elementary School was opened on the 14th of January, 2013, after 3 years of construction. The school is up-to-date equipped and fully adjusted to disabled people.

When they moved into the new school building, two regional – insular schools were incorporated: Zlarin regional School and Prvić Šepurine Regional school.

Today in Meterize Elementary School there are around 350 pupils organized in 16 classes in the main school. They all are taken care of by 55 workers and 4 class assistants. Schooling takes place in the morning.

Christmas cards

Covid 19 caused us a lot of problems, including one year postponed mobilities. So we started introduce each other by sending Christmas cards.

Logo contest

- all the countries voted
- the winning logo was made by Sweden

"Minecraft Education"

The image displays a Scratch project titled "Minecraft Education" in a blue-themed interface. The top navigation bar includes the Scratch logo, a globe icon, and menu items: File, Edit, Tutorials, Erasmus, Share, and See Project Page. On the right, there are options for Save Now, a folder icon, and the user's name "francescodagata".

The main workspace is divided into three sections:

- Left Panel (Properties):** Contains categories for Motion, Looks, Sound, Events, Control, Sensing, Operators, Variables, and My Blobs. Under the Motion category, several blue blocks are visible: "move 10 steps", "turn 15 degrees", "turn 15 degrees", "go to random position", "go to x: 1 y: -6", "glide 1 secs to random position", and "glide 1 secs to x: 1 y: -6".
- Center (Code Editor):** Shows a script starting with a "when green flag clicked" event. The script includes:
 - "set Score to 0"
 - "show" block
 - "say Hi! I'm Gale, Earth goddess! for 3 seconds"
 - "say I'm here to ask you some questions, are you ready? for 3 seconds"
 - "ask In which city are the Baths of Caracalla located? and wait"
 - "if answer = Rome then" block containing:
 - "say Right! for 2 seconds"
 - "change Score by 1"
 - "else" block containing:
 - "say Wrong! for 2 seconds"
 - "change Score by 0"
 - "ask In which city are the Rotonda baths located? and wait"
 - "if answer = Catania then" block containing:
 - "say Right! for 2 seconds"
 - "change Score by 1"
- Right Panel (Stage):** Displays a 3D Minecraft-style environment of a classical Roman bathhouse with a central pool and statues. A character named Gale, a green figure holding a globe, stands in the center. A "Score 0" indicator is at the top left of the stage.

Two inset windows provide a closer look at the game's interaction:

- Bottom-Left Inset:** Shows the character Gale with a speech bubble asking, "In which city are the Baths of Caracalla located?". Below the character is an empty text input field.
- Bottom-Right Inset:** Shows the character Gale with a speech bubble saying "Right!". The "Score" indicator at the top left of this inset now shows "Score 1".
