### **Evaluation of the sixth mobility of Erasmus+ project „Call of Poseidon“**

Sixth mobility of Erasmus+ project „Call of Poseidon“ was in Eskilstuna, Sweden from 22nd to 26th of May 2023. The name of the mobility was „Hydropower“.

In the process of evaluation participated students, parents and teachers of all the schools in the project: IOS LOS Montecillos (Coin, Spain), Eduardo De Amicis (Tremestieri Etneo, Catania, Italia), British Junior (Eskilstuna, Sweden), OŠ Meterize (Šibenik, Croatia).

#### **Teacher evaluation**

Teachers from all 4 countries have filled in the evaluation form. They said all the activities had been done and that all of them enjoyed.

**Students evaluation**

Students agree that they had wonderful experience. They described this mobility with these words: amazing experience, new people, opportunity, new things, ...

This was an incredible experience.

I have made friends for life.

I have learned a lot about Swedish culture and traditions.

I have seen a lot of sights in Eskilstuna and Sweden.

The classes in Swedish school were very interesting.

CLIL lesson - Activity was very interesting.

We have learned a lot about hydropower and renewable energy.

## Parents evaluation

„Opportunity to grow as human being and learning“ – answer of one parents after the last mobility.

This was an incredible experience.

I think Erasmus+ is a great opportunity.

I would participate in Erasmus+ project again.

My child is satisfied with this experience.

The results of the evaluation are a valuable indicator for the all schools that are in this project for further verification project activities, but also for the organization of the educational process and extracurricular activities.
